

Tasks from Czech republic II

Made by the slovak children

Task N° 1: Neighbours counting

Is that correct?

Task N° 2: Area calculation

- First we cut out an „ox-skin“ of the paper...

Then we cut the „ ox-skin“ into strips...

...and we imposed them around the perimeter of the hall...

We passed the whole corridor and the strips of „ox-skin“ still ´ve rested...

Task N° 3: Can the sheet carry it?

Our observations:

We folded the sheet in half lengthwise:

We folded the paper in half again:

Thanks for your tasks!
